

Reference letter

Tallinn, 2018

Scanweld P.L.C. hereby expresses its gratitude to DONTAL Limited for a productive and high-quality approach in design and manufacture of JetPetroClean™ cleaning equipment for storage tanks and is pleased to thank DONTAL for a provision of high – level internal cleaning service for technological oil pipelines and internal cleaning of storage tanks.

Due to professional approach of DONTAL engineers and due to technical capabilities of JetPetroClean™ technology developed by you, DONTAL has established itself as a reliable and professional partner.

Scanweld P.L.C. appreciates DONTAL attitude and looks forward to further cooperation.

Mr. Indrek Küttis
Director

A handwritten signature in blue ink, consisting of several fluid, overlapping loops and lines, positioned to the right of the circular seal.
